What does the style you wear say about you?

I would describe my style as very eclectic and as a reflection of my mood. The first thing I do in the morning (after coffee, obviously) to assemble a look that matches the day. If I feel productive, I choose a crisp blouse with sharp pants, on happy days I go crazy with prints and colours - you get the idea. I think this says something about the many different aspects I appreciate in life.

Where do you stay right now? What makes this place so special for you?

My room is a copy of who I am on the inside. There is colour, people I admire, quotes that remind me of what is important. The map on the wall refers to great travel memories, the 1920s trolley from the pictures matches my interest in foregone times (I like to read historical fiction) and my passion for coffee becomes clear from the coffee corner.

What has modelling given you throughout your career?

Modelling gave me a certain freedom in how I see the world now; it taught me that there are so many ways to live a beautiful life, so many hobbies to practice, lessons to learn, so many visions - and that all of them are beautiful in a way. There is no right or wrong path to strive for and every day is valuable. Such a relief, and a blessing.

Why have you chosen ICONIC to be your agent?

This industry can be rough and I feel that ICONIC genuinely believes in my potential and that there is strong, reliable support from them to build towards a career that works for me. This is the most important factor concerning your agent, so I'm very grateful to be part of the team!
