What do you think the style you wear says about you?

My style has so many different varieties and themes which makes it hard to describe what my style is like because one day is usually completely different to another. If I had to choose my favourite type of style I would say bohemian as I find it so dreamy and beautiful.

Where do you stay right now? What makes this place so special for you?

I am currently staying in the South of France which is a place very sentimental to me as it is where my family and I would always come away on holiday. I have many amazing memories here.

What has modelling given you throughout your career?

Modelling has had such an amazing impact on my life and taken me to so many unforgettable places. I believe it made me very mature at a young age which is important if someone is to start work in a mentally and physically challenging career when they are so young and vulnerable. It has opened my eyes to a world that not many people get to see and taught me so much. Before I started modelling, the thought of having to travel abroad by myself seemed out of the question, but now I have the confidence to travel freely by myself and become much more independent.

Why have you chosen iconic to be your agent?

I chose Iconic to be my agency because upon meeting with Ingo I felt a strong sense of confidence in him to do great things for my career. When someone shows as much excitement in you as you do in them you know that the partnership will have great results.
